# IT'S TIME TO GO HANDS-FREE FLORIDA

## FAST FACTS

FROM 2020-2022 THERE WERE

**160,155**  
**CRASHES**

in Florida caused by  
distracted driving.

**8,154**  
**SERIOUS**  
**INJURIES**

as a result of distracted  
driving on Florida roads.

**935**  
**DEATHS**

caused by distracted driving  
in Florida.

**DOES HANDS-FREE REALLY MAKE A DIFFERENCE?** Yes. In 12 of the first states to adopt a Hands-Free law, they saw traffic fatalities **decrease by 16%**.

**WHAT ELSE CAN I DO TO SUPPORT THIS CAUSE?** Share the pledge with your friends, family and colleagues. Contact your local and state representatives and let them know you support a Hands-Free Florida. And **lead by example! Put the phone down and drive.**

**WHAT ARE THE STATS ON PHONES, DRIVING AND CRASHES?** Drivers who text while driving are **23 times more likely to be involved in a crash** or a near-miss event. You are **four times more likely to be involved in a crash** just by having a phone in your hand.
